## Electro Flo 5000 and Vest Therapy - Phase 4 - Completed

**Code:** NCT02277626    **Year:** 2012    **Date:** 2012

**Author:** Stanford University

### Study design (if review, criteria of inclusion for studies)

Completed. Study results posted - Allocation: Randomized|Endpoint Classification: Safety/Efficacy Study|Intervention Model: Crossover Assignment|Primary Purpose: Treatment|Masking: Double Blind (Subject, Outcomes Assessor)

### Participants

Child|Adult|Senior

### Interventions

Device: Electro Flo 5000|Device: Incourage Vest System

### Outcome measures

Sputum Weight
